

Show Your Commitment to End Gun Violence

Come to our Action Day

Join the MA Coalition to Prevent Gun Violence State House Action Day on Wednesday November 6th. It's time for our elected officials not just to listen, but to *answer*. **This press event and lobbying is your opportunity to make our collective priorities heard, by showing up and telling important decision makers one-on-one that we demand meaningful gun violence prevention legislation in order to curb the violence in all of our communities.** You don't need to be an expert to meet with a legislator, you just need to share why this matters and pass along key coalition priorities (that you will be trained and briefed on.)

Coalition's key priorities for new gun legislation:

- 1) Require background checks every time a gun is sold
- 2) Expand police chiefs' discretion to deny gun licenses where appropriate
- 3) Limit gun sales to one gun per month
- 4) Collect data to better determine where crime guns are coming from

When: November 6, 2013
Where: Boston State House
Grand Staircase, 2nd floor
Time: 10:00 a.m. -12:30 p.m.
